- **Built Real-World Solutions:** Successfully developed and delivered websites for **4 real-life business clients** while pursuing my BCA degree — balancing academics and professional projects with dedication.
- **Self-Taught Expertise:** Mastered **React.js, Front-End Development, and UI/UX Design** through relentless self-study, consistently pushing my skills forward without formal coaching.
- **Passion-Driven Growth:** Turned curiosity into competence, transforming ideas into functional, user-centric websites — a testament to my problem-solving mindset and hunger for learning.

expected  
in may  
2025

#### Bachelor of Science: Computer Applications Development

Dr.G.Y. Pathrekar Collage of Computer  
Science | Aurangabad, India

### interests

Learning something new

### gaming

Apart from web development, I have a keen interest in gaming. It fuels my creativity, sharpens my problem-solving skills, and inspires me to think critically — qualities I bring into my work as a developer.
